RJS PROBAN DRIVING SUITS SFI 3-2A/1

Our single layer, flame retardant racing suits are constructed with *Proban* or *Banox*, now with a longer lasting life expectancy, and sewn with high quality Nomex thread, Nomex cuffs and Nomex zippers. RJS standard style is a solid color racing suit (shown black) with 3-1" ribbon trim on upper part of each arm and 1-1" ribbon trim down each leg. White ribbon is standard on red, blue, and black suits others will have black ribbon. Matching cuffs are available on most suits others will have black cuffs. You will love our Proban driving suits!

**RJS SFI 3-2A/5 NOMEX DRIVING SUITS
(MULTI-LAYER)**

Nomex (Multi-Layer) Race Suits are constructed with an inner layer of Arimand/Kevlar blend and an outer layer of Nomex 3 fabric, flame retardant material. Race suit layers are channel quilted together and sewn with high quality Nomex thread, Nomex cuffs and Nomex zippers, for the best possible protection. RJS standard style is a solid color race suit (shown black) with 3-1" ribbon trim on upper part of each arm and 1-1" ribbon trim down each leg. White ribbon and matching cuffs are standard.

NOMEX® SFI 3.2A/5 DRIVING SUITS.:

Our NOMEX® Double Layer SFI 3.2A/5 Driving Suits have 360° shoulder Gussets and stretch back panel for less restricted movement and air flow. Shoulder epaulets are double stitched for added strength. We have incorporated the straight leg cuff, side seam pocket and color matched stitching in this very affordable suit. TPP Rating of 26.

PLEASE SPECIFY COLOR.

TO ENSURE AN ACCURATE FIT, use this chart to order your correct helmet size. Carefully measure around your head, above the ears. Take the measurement, in inches or centimeters, referring to the sizing chart below for your correct hat/helmet size. Helmet must fit properly for optimum performance. Don't guess your size. Helmet must be securely and snugly fastened before engaging in any activity.

Snell rated "**SA**" (Sports Application) professional helmets provide extreme impact resistance and higher fire protection than Snell "**M**" (Motorcycle) rated helmets. (Also SA rated helmets use 1/8" thick polycarbonate (Lexan) shields for fire protection and flying rock or debris protection) Closed helmets reduce the possibility of spinal column injuries in head-on collisions. (The "chin protector" will strike the sternum (breastbone) and limit the head's forward movement.) For this reason, **BELL & PYROTECT** do not recommend open faced helmets. Proper helmet head rest and seat back re-enforcement is highly recommended

HELMET REFRESHERS

NOVUS #1 cleaner removes dirt and leaves a glaze that cuts static and repels dust. Use NOVUS #2 polish to remove fine scratches and haze & NOVUS #3 polish for deeper scratches. Follow up with #1 cleaner.

Vari-Clear is your total solution to fogging problems. Packaged in a 5 oz. Aerosol can, Vari-Clear is a white foam which you spray on and buff off lightly with a soft cloth.

Helmet Fresh attacks the bacteria and mildew, which causes the odor in the first place. Helmet Fresh therefore eliminates the odor leaving the helmet or other sporting equipment with a "fresh, clean" smell (Available in 4 oz. plastic pump spray bottle)!

PART #	DESCRIPTION	PRICE
NOVUS 1	LEXAN CLEANER	4.99
NOVUS 2	FINE SCRATCH REMOVER	5.99
NOVUS 3	DEEP SCRATCH REMOVER	7.99
VARI-CLEAR	ANTI FOG SPRAY	15.99
HELMET FRESH	HELMET ODOR REMOVER	5.99

FRESH AIR PUMPERS

PART #	DESCRIPTION	PRICE
FRC BLOWER	For use with fresh air helmets. Keeps dust & dirt out. Provides cooler air inside the helmet & prevents the shield from fogging. Includes remote mount fan & filter assembly with 4' hose. Operates on 12 volt power source.	99.95
